

BA Social Pedagogy · BA Social Work in the 1-to-1 Setting in Germany

We are looking for dedicated professionals to join our team in ambulatory 1:1 support, assisting children and adolescents with special support needs.

Who are we?

We are a committed team in outpatient inclusion assistance. With heart, professionalism, and humor, we support children and adolescents with support needs in their daily lives – individually, reliably, and at eye level.

Your Responsibilities:

- Individual support and guidance for people with disabilities (1:1 setting)
- Carrying out basic care tasks and documenting them thoroughly
- Developing, implementing, and evaluating support plans
- Planning and organizing leisure and activity programs
- Interdisciplinary cooperation and reliable communication with families and external partners

Your Profile:

- Completed degree in Social Pedagogy, Social Work, Special Needs Education, or comparable qualification
- A Bachelor of Arts degree (or equivalent) in Social Work, Social Pedagogical Sciences, or comparable fields of study
- **German language skills at a minimum of level B1, or comparable proficiency**
- Empathy, responsibility, and ability to work in a team
- Independent, structured work style and strong communication skills
- Flexibility and commitment
- Experience with individuals requiring support is an advantage

We Offer:

- A varied and responsible role in a committed team
- Regular training and professional development opportunities
- Attractive compensation and additional social benefits
- A modern work environment and pleasant company culture
- Accommodation options available

Application & Contact:

If you identify with this role and enjoy supporting people in their daily lives, we look forward to receiving your application (CV, certificates, recognition documents if applicable, language certificate).
